Hi [Ex. 4 - CBI]

I have a couple proposed edits to make to the Dimock_EPA Scribe database. Please see attached "Scribe Edit 12_0228.docx" file. Also I have included an add to upload into Scribe to populate the well depth and pump depth info. Not exactly sure where the best place to import these is (Sampling Location Table?). To complete a map requested by OSC Rupert by COB tomorrow, would you be able to address these revisions tonight? I can then go and get an updated subscription tomorrow morning.

Please let me know if you have any questions.

Thanks,

Suddha Graves
